Agenda

A   Feedback from previous meeting
  - We need to get *useful* data to the backend.
  - Add support for maps to the web frontend
  - We need to create a mockup for the app frontend

B   New points

1. How is everyone
2. Sprint review
3. Sprint planning

C   Responsibility for next meeting
See below.

Protocol

Secretary writes here.

1. Alot to do with other school projects, somewhat stressed.

2. It's almost possible to send data from the from the frontend to the backend, and we are well on our way with the maps support.
There is a mockup for the app frontend.

3. Being able to display reroutes on the frontend device.
Begin with the reflection report.
